# INTRODUCTORY

Polk's Ann Arbor, Ypsilanti and Washtenaw County Directory for 1916 is herewith presented. The usual care and attention has been given to the preparation of the various departments of the Directory and the publishers are confident that it will meet the requirements of their patrons.

The earlier pages of the work are devoted to useful information relating to the city of Ann Arbor and Washtenaw county in general, embracing a street and avenue Guide and Directory of Householders and of those who are engaged in business, arranged by streets and numbers; every department of city and county government; detailed information concerning banks, cemeteries, churches, hospitals, incorporated companies, libraries, parks, periodicals, the postoffice, public buildings, railroads, public and private schools, etc.

This is followed by an alphabetically arranged directory of business firms and private citizens in Ann Arbor. A similar arrangement follows for Ypsilanti; succeeding this are alphabetically arranged directories of Bridgewater, Chelsea, Dexter, Dixboro, Manchester, Milan, Pittsfield, Salem, Saline, Urania, Whitmore Lake, Whittaker, Willis and York.

A Classified Business Directory of all persons doing business in the county follows. This department shows the various manufacturing, mercantile and professional occupations in alphabetical order by towns and constitutes an epitome of the business interests of the county.

The final pages are devoted to a list giving name, section, number of acres, assessed valuation, name of township and postoffice addresses of all taxpayers in Washtenaw county.

In the General Index, which follows, is shown the number of the page on which any desired information can be found.

# YOUNG MEN YOUNG WOMEN

One of the most important questions which each one of you must settle for yourself is whether you will be

## Dependent or Independent

all the balance of your life. It is the most important question in your whole life and you should settle it right. You can be independent if you will attend our school and allow us to train you for an independent career in the commercial world. Hundreds of our former students are today filling the finest positions in this and other states. The large majority of them have splendid positions at large salaries.

## You Can Easily Do As Well

if you will allow us to give you the right kind of training. The great success attained by the many hundreds of our former students shows very plainly that we give just that kind of training. As a result

## Our Graduates Always Win Out

Our pupils are taught how to do all kinds of clerical work in a practical, business way. A great many business and professional men have come to understand this and always call upon our school when they need the help of an especially well trained young man or young woman. Young people generally are beginning to find this out. As a result, our school has been growing by leaps and bounds during the past five years. Its percentage of increase in enrollments each year has been more than double that of any other commercial school in Michigan. It is the only school of the kind in the state which

## Owens Its Own Building and Equipment

Young people are coming, more and more, to realize that it pays even while in school to get into close, personal touch with and learn all one can about the

## Successful Management of a Business

Any up-to-date business man will tell you that to do this is really worth fully as much as, if not more than, the book-learning one gets at school. And you should remember, also, that it will cost you no more to attend our school where you can have the full benefit of coming in contact with successful business management than it does to attend a school where this opportunity is not available.

If you are interested, and every young man and young woman should be, call at our school or write us for full particulars about our different courses in

## Shorthand, Bookkeeping, Typewriting, Penmanship

We want to hear from every young man and young woman who desires to make the most of the opportunity our school offers to fit himself or herself for a successful business career. Better call or write today. One of the first steps toward a successful career is to overcome the unfortunate disposition so very many people have to "put things off." Do it now.
